## The Prez Says

By Todd Herbst

What a difference a year makes.

I don't know if it was all the hard work getting the word out, all of Roland's exhaustive planning, a new rally site or all of the above. Probably all. We had an absolutely fantastic rally this year. We about doubled the attendance from last year. It started Thursday night with 17 tents, one RV and a vender van. (one guy was from Colorado Springs) I don't ever remember that many people, before the rally started, since I've been attending. I guess people were itching for a rally.

Friday morning, setup commenced and was done by 9 or so, by 10 a steady stream of rally goers were signing in. (I think we had a record number of pre-registration of about 35! usually we get 8-10)

By Friday night we knew we had a good thing going, we ended the night around 200 registered. I was already getting great feedback on the new rally site from many people, some comparing it to other rallies that were some of their favorites. A few saying "it had the potential of growing into a truly great rally." Wow, how has our rally has transformed, in one year?

Saturday, was drop dead gorgeous, perfectly clear and about 68°. One of the local churches made a wonderful all you can eat breakfast for us. Dave Maly lead a tour to Westby to a Syttend Mai festival. Ernie Bell lead a GS ride on mainly gravel roads (I saw quite a few dusty faces when they got back), and I lead the Sportish ride on the inexhaustable number of twisty roads around Soldiers Grove (and of course, we stopped for lunch). By 5pm, when the awards banquet started we had approx. 215 registered guests. The awards went quickly and smoothly, the 50/50 was drawn and \$175 was contributed to a Lions' sponsored day camp for blind children. The Lions club started serving their BBQ chicken dinner, which was fantastic, following the awards. Roland had provided the lions club with a head count earlier in the week for dinners. The last 20-30 people in line got 1/4 chicken instead of 1/2, but no one seemed disgruntled. We'll have to just plan for more next year, right?

Sunday was another great day. We got everything cleaned up and the park was empty by noon.

The town of Soldiers Grove was delighted to have us, and definitely would welcome us back next year. I told them we'd be there. And unless we have a good reason not to have a rally I think we should return to Soldier's Grove.

All in all I didn't hear a single complaint the whole weekend, except the weather was too nice, the roads were too good and I didn't get a doughnut Sunday morning.

Thanks to all who helped pull off another Great River Road Rally. I'm humbled by all of your efforts.

# Rally Wrap Up

by Roland Thompson

The 2006 GR3 is history and overall, I think it went pretty well. First, some numbers. We had 220 registered attendees, and of that, about 35 were Madison BMW members. We had 4 vendors. The organized GS and Touring rides were well attended, but I don't have the exact number of participants. We served dinner to 202 people Saturday evening and gave out over 100 door prizes.

Most of the comments we got from rally goers were very positive. They liked the park, the dinner, the breakfast served by Our Savior's Lutheran, and the riding environment. Most of the miscues were a result of our own success. We needed more porta poties, we ran out of pins and mugs, and some of the last people in line got shorted a little on the chicken, (which everyone seemed to agree was outstanding) but I don't think any one went away hungry. A couple of people mentioned we need mirrors in the park shower building. We did have PLENTY of firewood and coffee. The weather was better than recent rallies also and we were due.

We left the park in excellent condition and didn't lose our damage deposit. The local Lions Club, the Old Oak Inn and the church were all happy with how things turned out. The club's checking account was also left in excellent condition. I'll have a rally financial statement ready in a couple of days and will be available to club members by our next meeting.

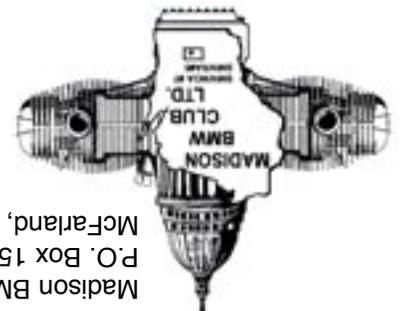

I wish to sincerely thank all those who worked so hard and those who dug deep into their own pockets to make this rally a success. A lot of effort was behind the scenes almost a year ago, preparing promotional materials and gathering information to determine where we could even HAVE a profitable rally. The efforts went on through the winter getting the word out on our new location, showing pictures, visiting other clubs and anyone who would listen. Those efforts paid off. Thank you all who attended the rally and helped in so many ways. This was a group effort that was a lot of fun for everyone involved. Thank you, thank you, thank you.
