## *The Prez Says*

By Todd Herbst

It's that time already.

I was just outside and realized there are leaves all over the ground. It's a time that says the riding season is coming to an end, and to be careful while riding. With all the rain we've been having, any tractor coming out of a field could bring with it a boat load of mud and/or debris, and deposit it on the road for any one of us to come along and go slithering through on our 2 wheeled steeds.

When the leaves really start to fly, a small amount of rain can turn a wet road into a real slippery mess. In my opinion, Fall riding can be the most challenging season to ride. (unless you brave the icy roads of winter of course.) There just tends to be lots of stuff on the road. In some cases so much stuff you can't see the road itself. This fall, stay safe out there and keep your eye on the ever changing road.

Not to preach, but I needed something to write about.

I'd like to thank all the members who participated in this year's club picnic. We had a beautiful day to have a party under the oaks at Brigham park. I smoked 35 lbs. of pork spare ribs that were devoured in less than one hour. We also had 40 lbs of chicken leg quarters, many of which were taken home by satisfied plump picnic attendees. Thanks to all who made dishes to share. Everything was delicious!

Betty and I wish to invite you to Madison BMW club's 3rd annual chili cook-off at our house on October 13th from 4pm-?. Chili Judging will start at 7pm BYOB. Although, we will probably be sampling the very exclusive wines of Rocky Dell Winery. Please let me know ASAP if you wish to enter the contest so I know how many to expect. If you aren't a chili maker please bring a side dish to share.

# THE 2007 BMWMOA NATIONAL RALLY, WEST BEND, WI

*by Tom VanHorn*

---

...I know, it was such a long ride - had to reserve new tires en route, etc. Well, as those at the meetings know, the area clubs were tapped heavily to help work the rally, and I for one think the 7-8 WI clubs stepped up to the plate just fine.

I'd have to nominate Sam Garst as Club Pointman Extrordinaire - he made several trips to stake out a club spot, haul out and set up the club tent. Later, he picked up a Guest Journalist (Talitha Henderson, Superbike South Africa magazine) at Milwaukee airport and loaned her his oilhead roadster for the rally. Dick Olson also trucked out, bringing Prez Todds kitchen gear and a raft of chairs etc along, as well as Berts 'GS to place in a saleable pose (a successful pose, apparently - it did sell-)...

...Todd H. and I ran out Tuesday AM. Well, kinda ran (didn't'cha get great mileage, Todd, going at my sidecar pace, huh??)... ...Sam had Club Central up, with chairs and odds and ends and two tent sides up ("I didn't know which sides to put up, so just put up a couple...') Good call - right after Todd and I set up our tents, a biblical blaster of a storm honked in, serious rain with 20+mph wind. We had time to wheel the bikes and gear under the tent, which sides perfectly kept the blow out...

...some others didn't have the lucky timing - a couple nearby was trying to set up out of a big box(shipped their stuff in) when the storm hit. Their big-but-flattened dome tent was overwhelming their efforts to keep it partially up. Todd and I went over and helped effect repairs to their snapped poles and move to a drier spot. Frank and Francesca from New Orleans were very appreciative, and hung around Club Central thereafter, even fixing up a marvelous dinner Thursday. I gather they were making noises about coming to GR/3 '08...

...Member Jeff Trapp is Wisconsin AirMarshal for the Airheads, and had to set up Air Central, a huge tent usually carpeted and full of living room furniture. Jim Dickey pitched in with furniture, so much that Air Central was overstocked, so our club tent got a nice couch. It was often seen thereafter with feet sticking out from one end. Among said feet were those of recent Alaska sojourner Steve Huber...

...the rally site was nice - few trees, but this is traditional, frankly... ...there were enough buildings for everything that needed one, plenty of vendors, food service was up to demand, lots of well-maintained porta johns and showers (once the three trailers therefore were set up-). In a slightly new twist, the beer garden and music stage were in adjacent buildings, so you could sip and shmooze without yelling (too much) over the band...

...The club did trash pickup AM and PM, and toiled around in a golf cart hurling trash bags at people. Jim Harms took my waggish idea and ran with it - for one pickup run, Todd went around with a cowbell, doing a Holy Grail thing: "Bring out yer trash! BONG!! Bring out yer trash! BONG!!!" Guess you had to be there...

...the weather was fine - after the Tuesday deluge, there was only one brief overnight rain shower. And, it wasn't too hot, thankyouverymuch...

...the club got a down-the-list award (6th?) for member attendance; Haven't heard about any member winning anything big(I won a baseball cap)...

...All told, another nice national rally - Old friends, new friends, food, drink, stuff, and briefly living in a small world where motorcycles rule.
